

Signature Pointe

A LIFE CARE SERVICES® COMMUNITY

Why People Choose Signature Pointe

Continuum of Care Under One Roof

The most unique thing about Signature Pointe, is that we offer a full continuum of care—including independent living, assisted living, memory care, rehabilitation and skilled nursing—that ensures needs are met now and in the future, all in one building. This means, loved ones are never separated based on level of care and residents are able to age in place regardless of how their needs change over time.

Welcoming, Home-like Setting

We offer spacious one and two-bedroom apartment residences with full kitchens, large living areas, housekeeping, ample storage and other highly desirable features. When it comes to beautiful scenic views, Signature Pointe apartments does not fall short. Lovely wooded views of the courtyard, pond or White Rock Creek are available in most apartments.

We understand the need to belong and enjoy your life at Signature Pointe is important. Resident ambassadors participate in the onboarding process and make each new resident feel welcomed. And, you will never be bored. A dedicated Certified Activities Director manages the daily programming and is committed to resident satisfaction and engagement.

Cognitive Stimulation Programming

At Signature Pointe, we are focused on your health & wellness and that includes your brain health. The Independent Living Director is a Certified Dementia Support Group Facilitator by the Alzheimer's Association and is trained to offer residents engaging activities that stimulate the mind.
